

My life has been a mess since I've been kidnapp-ed.

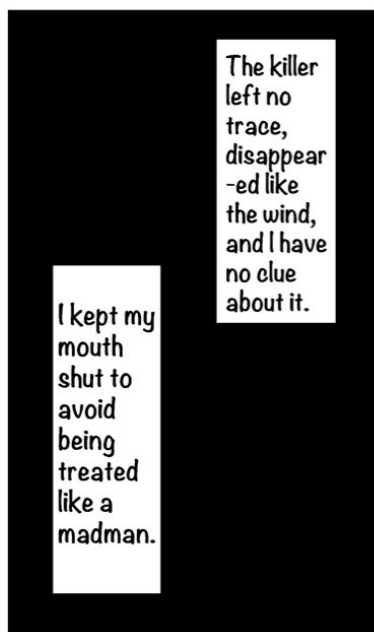

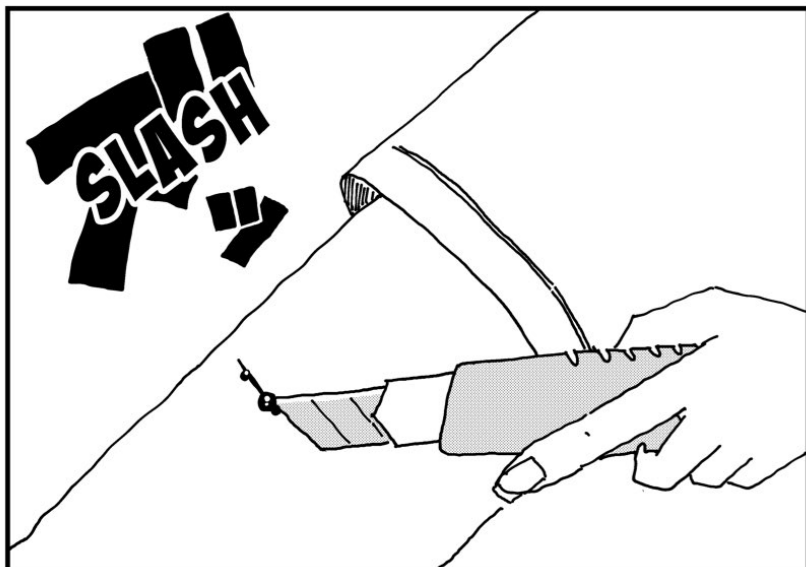

But that wasn't the truth.

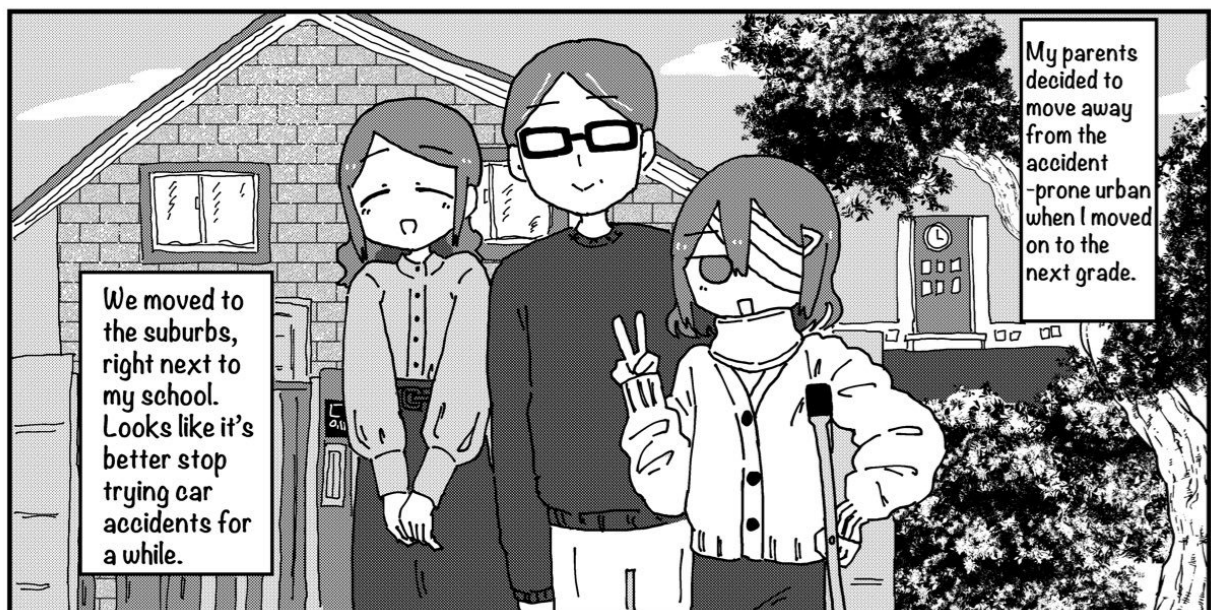

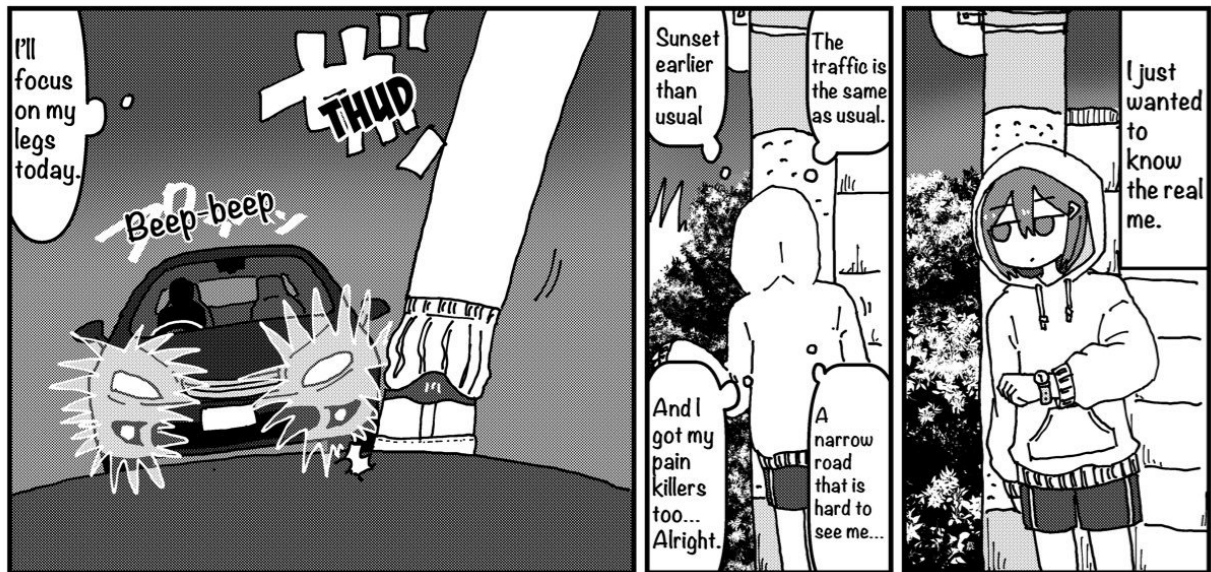

My insides have been replaced.

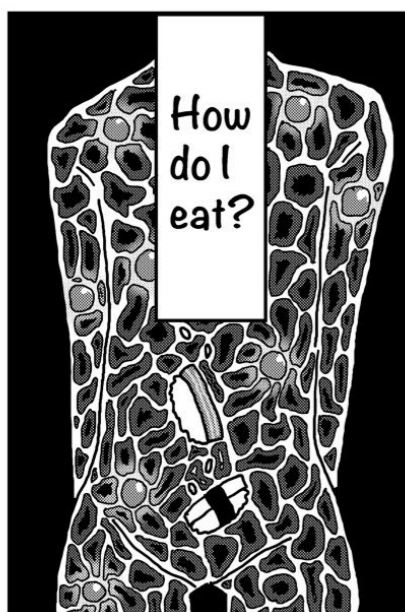

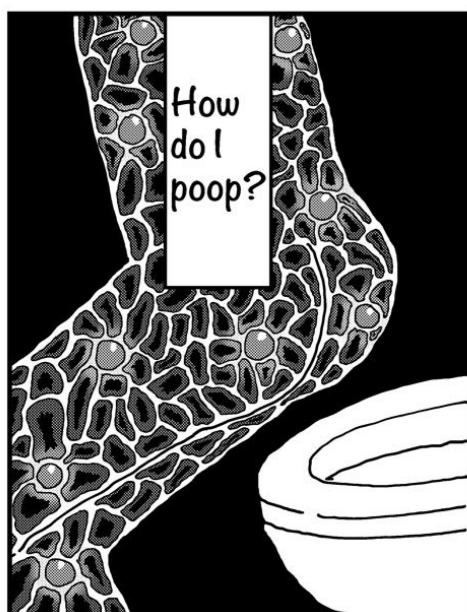

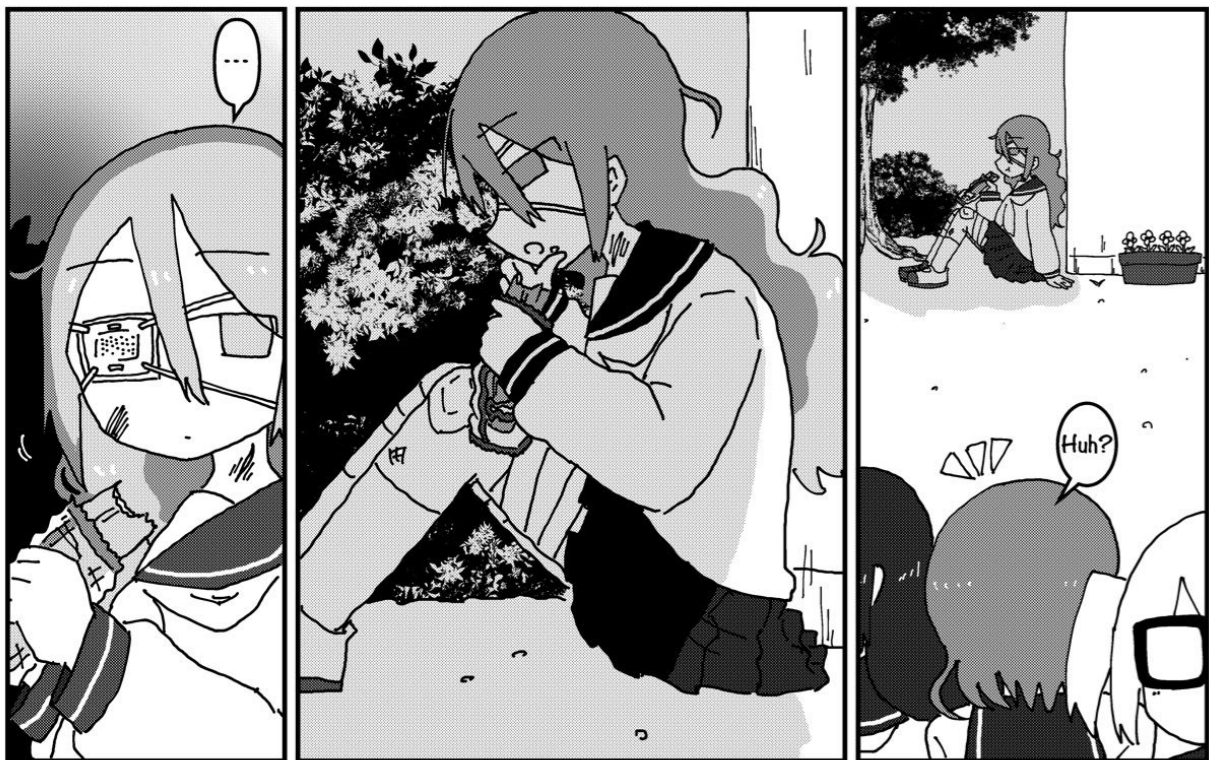

After my kidnapping, I was found in the park of the neighborhood as if nothing had happened.

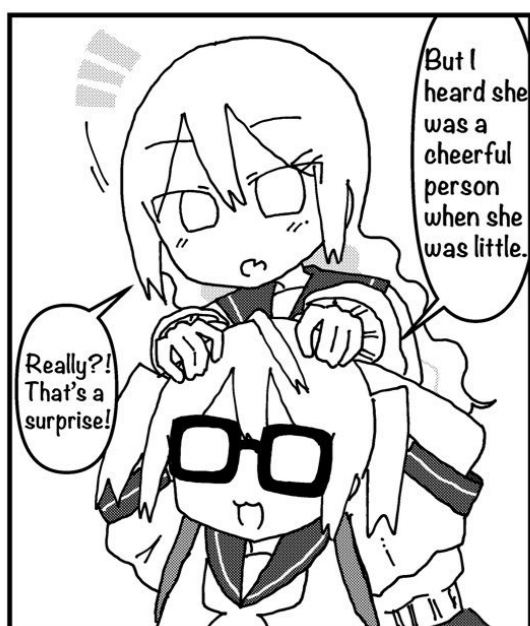

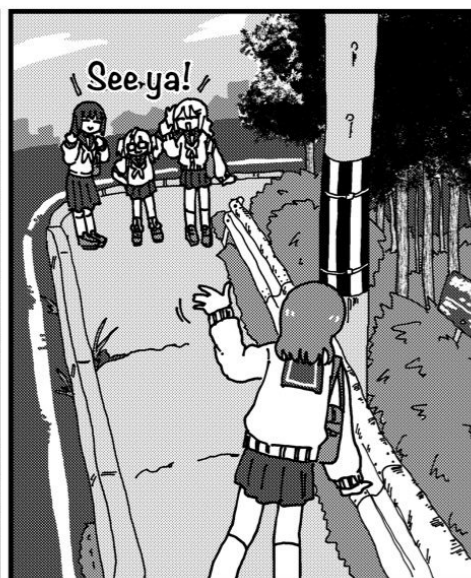

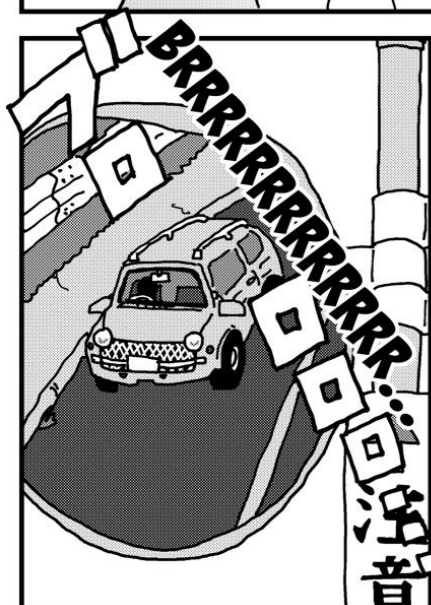

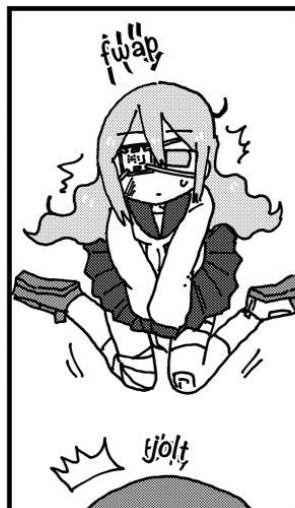

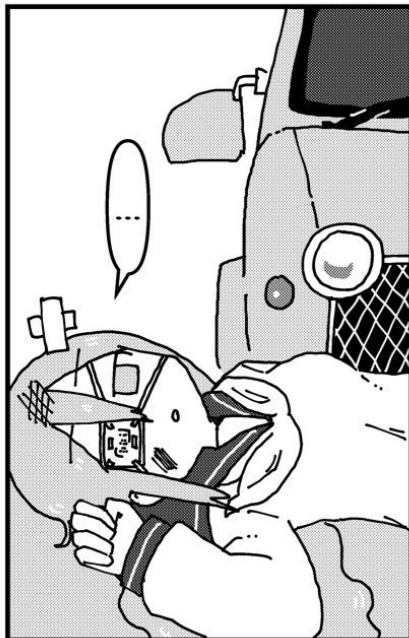

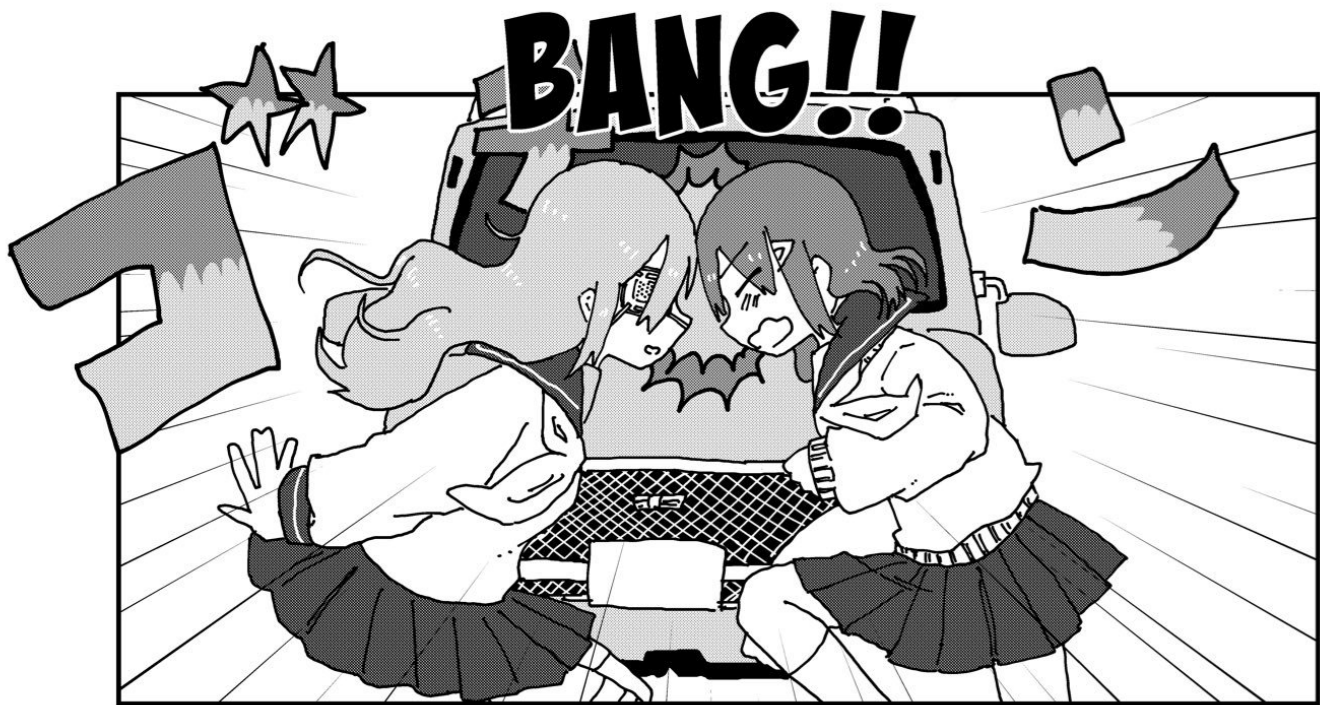

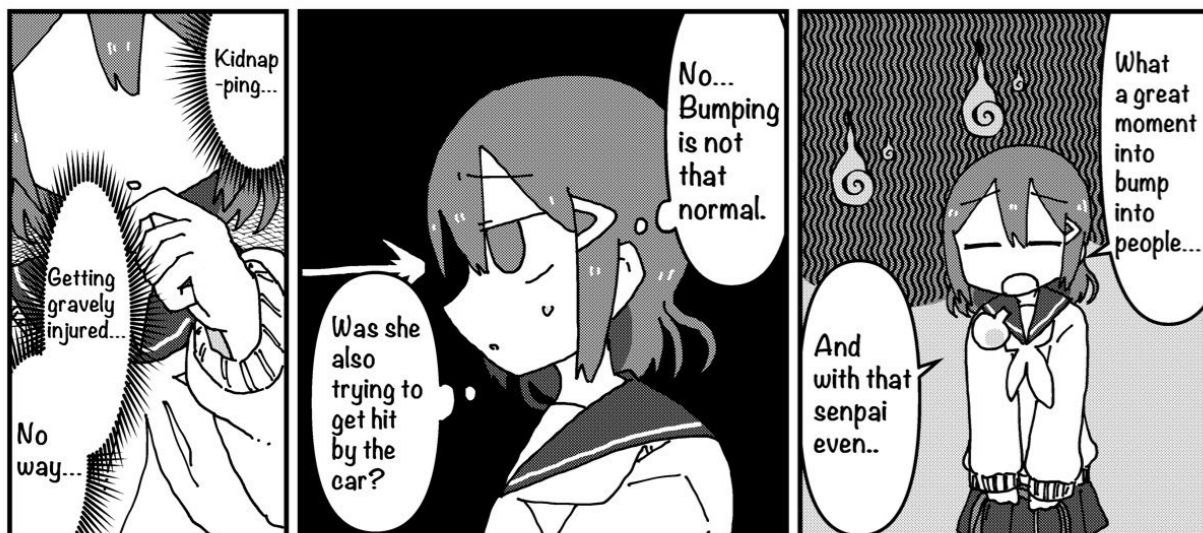

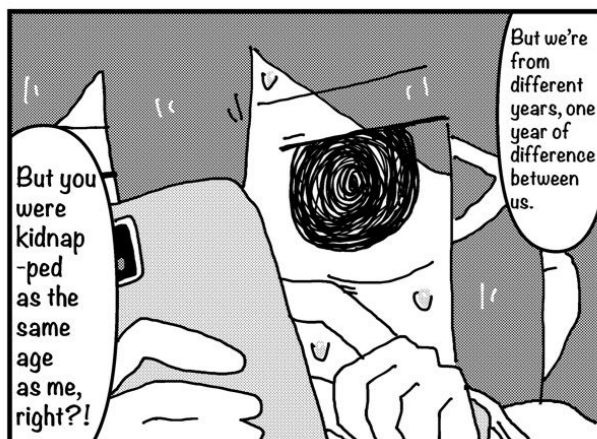

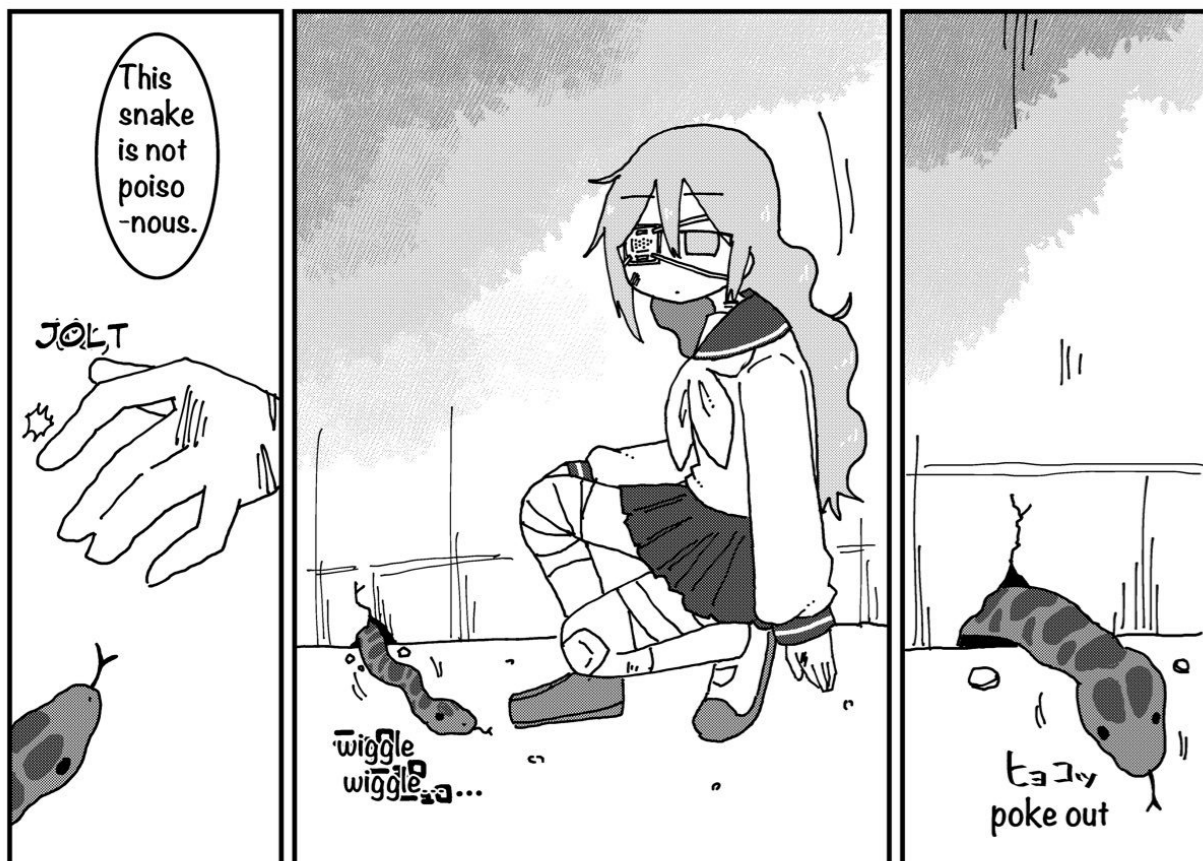

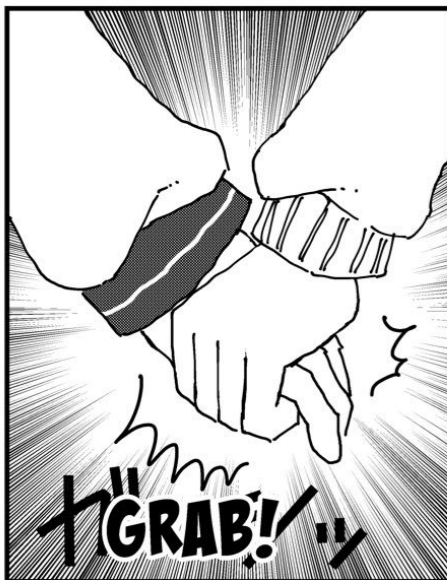

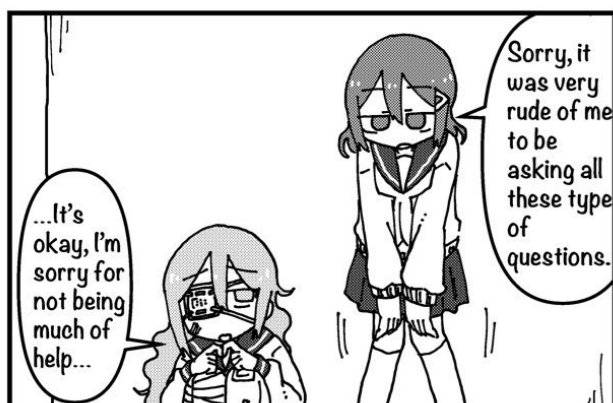

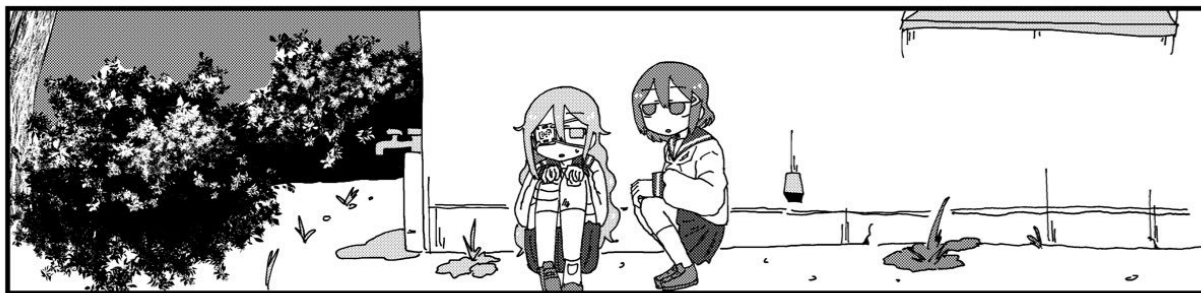

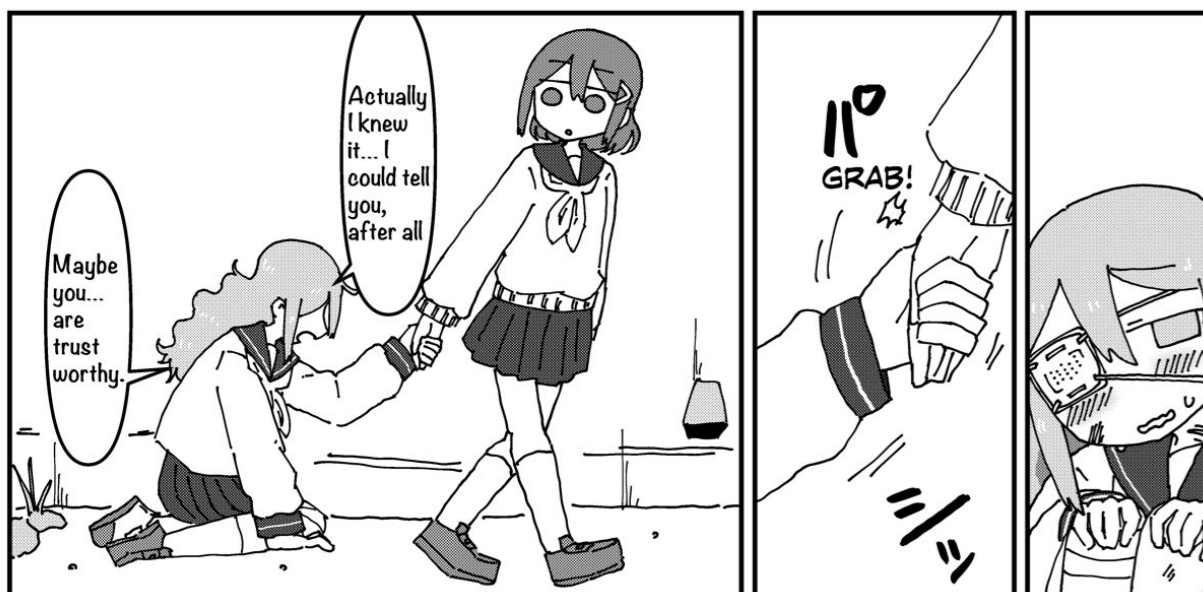

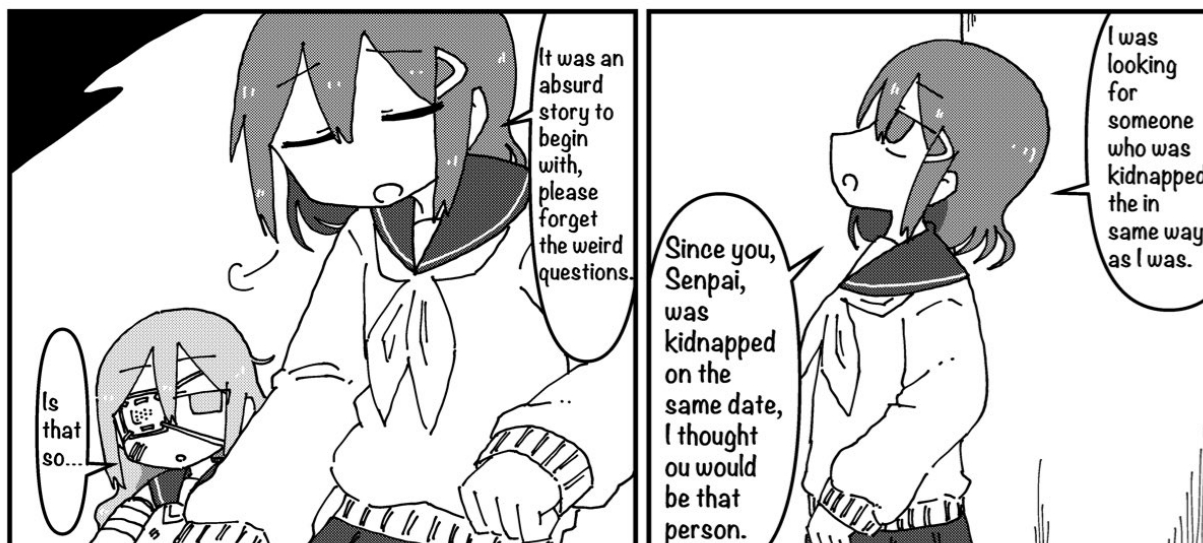

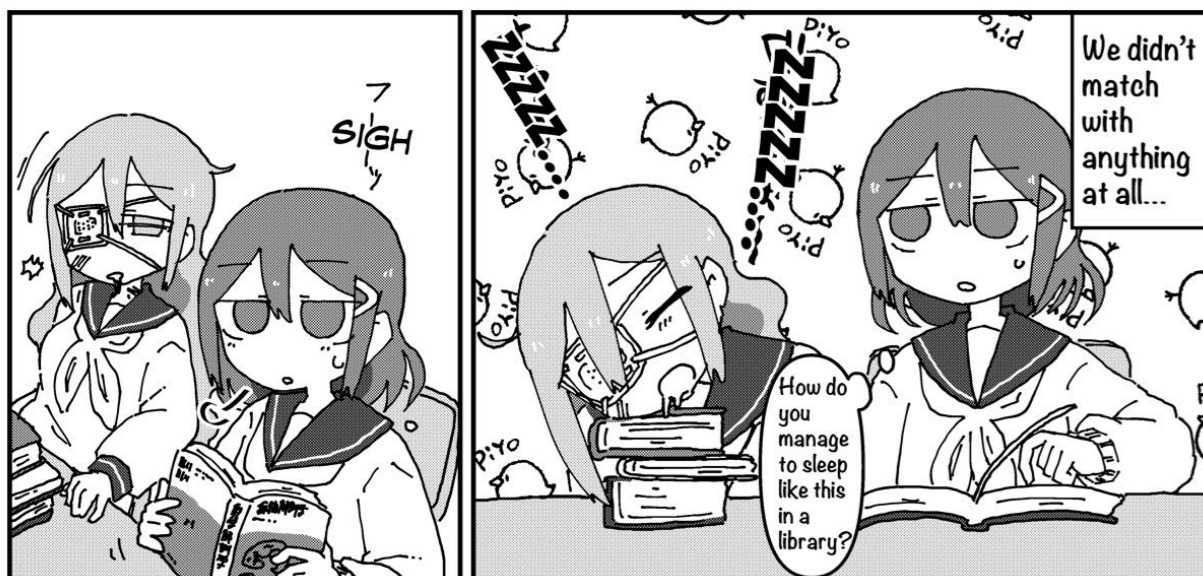

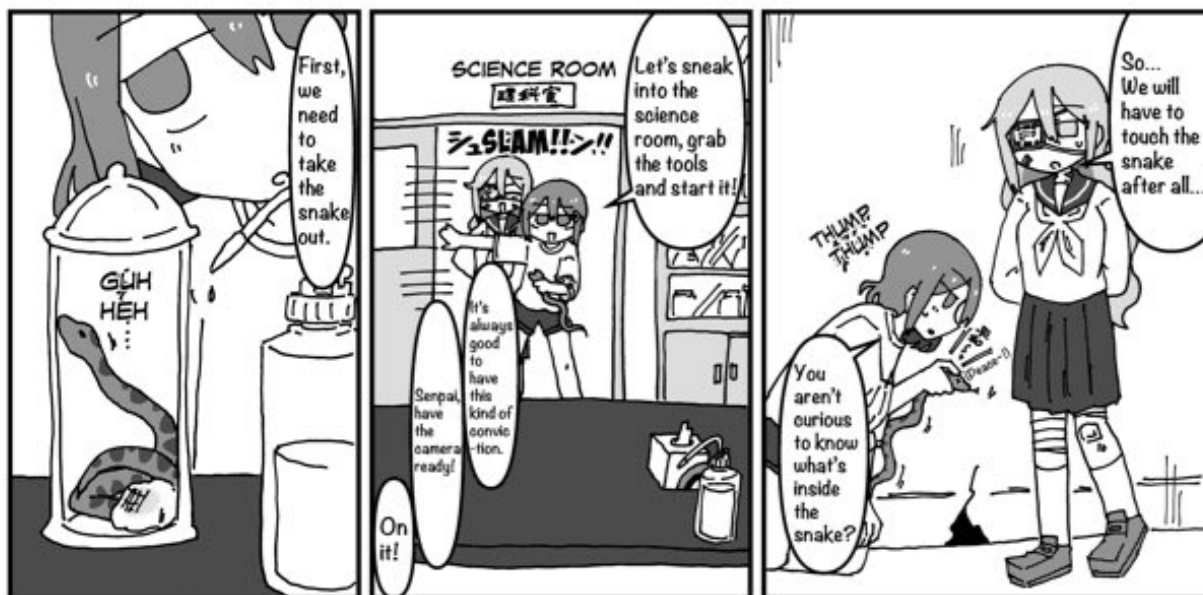

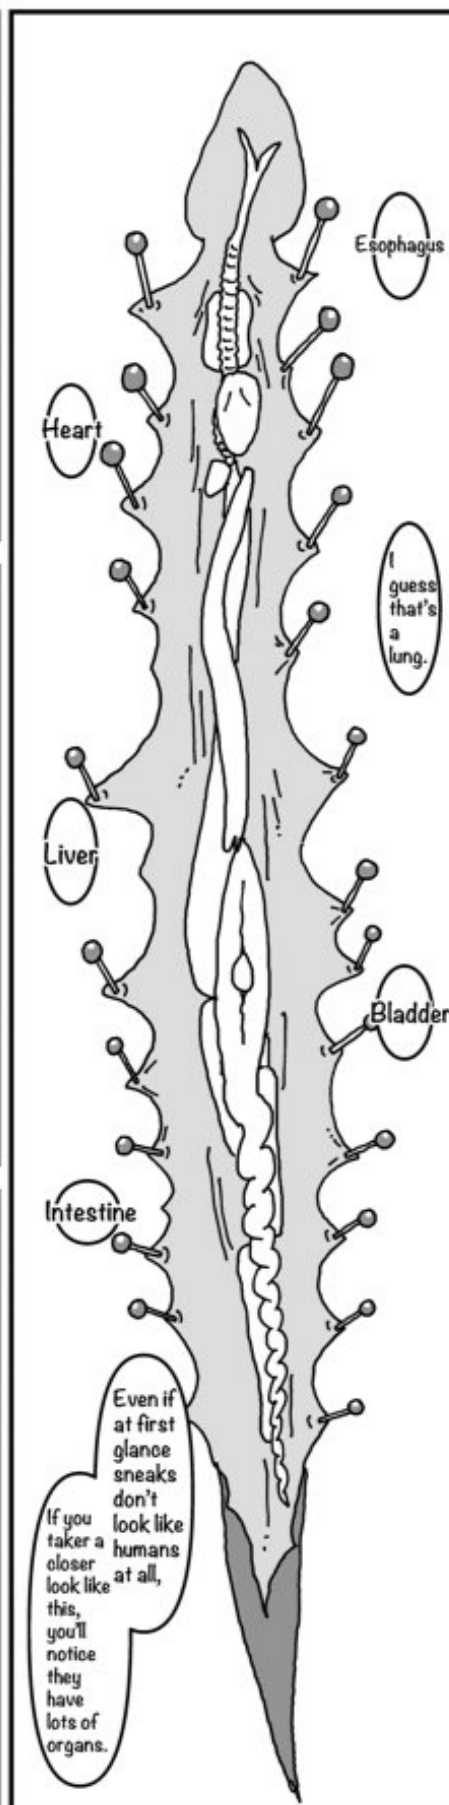

Yeah,
but it
can't be
helped.

Only using
non-human
beings
when
convenient.

We
were
hunting
lizards
for so
long
that it
got dark.

Looks
like we
found
some-
thing
that
you
can't
find.

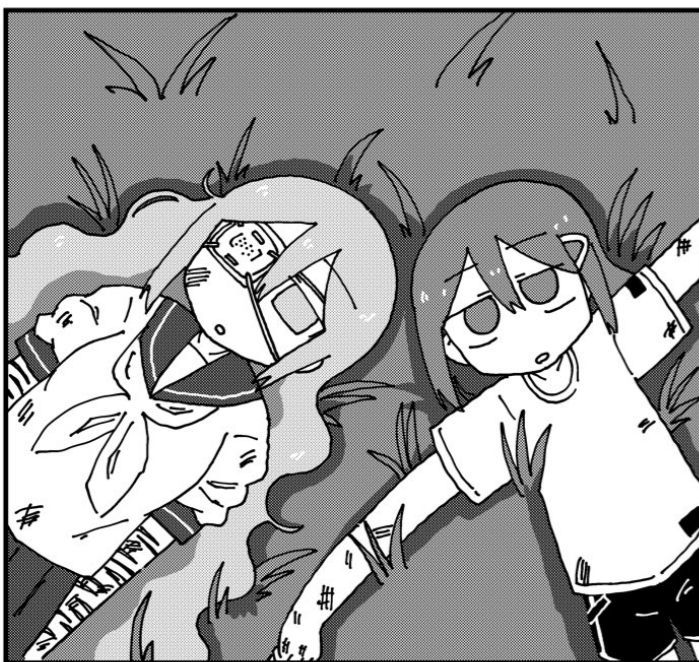

Humans
are taking
over their
habitat, I'm
not the to
blame for
that.

I wonder
if the
kidnapper
was
an alien.

Wow,
that's
sudden.

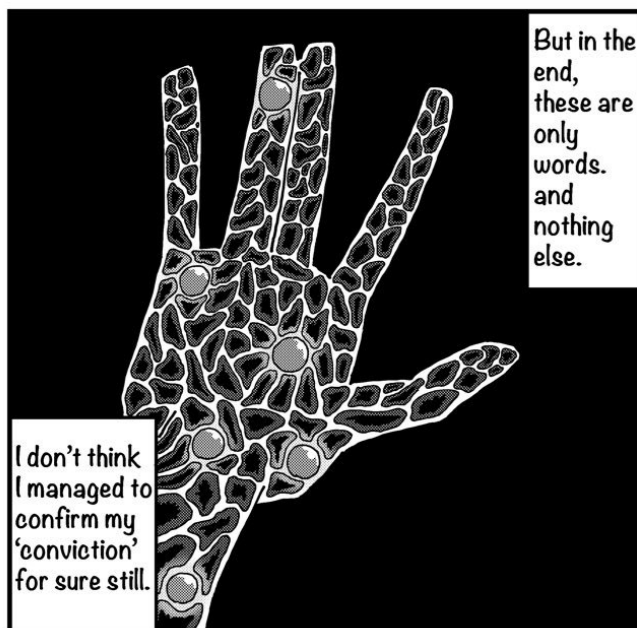

If so,
have we
been
remade
as aliens?

If that's
the case
do we
have a
planet to
get back
to?

But we
look like
a human
being...

We are
really
half-
baked...

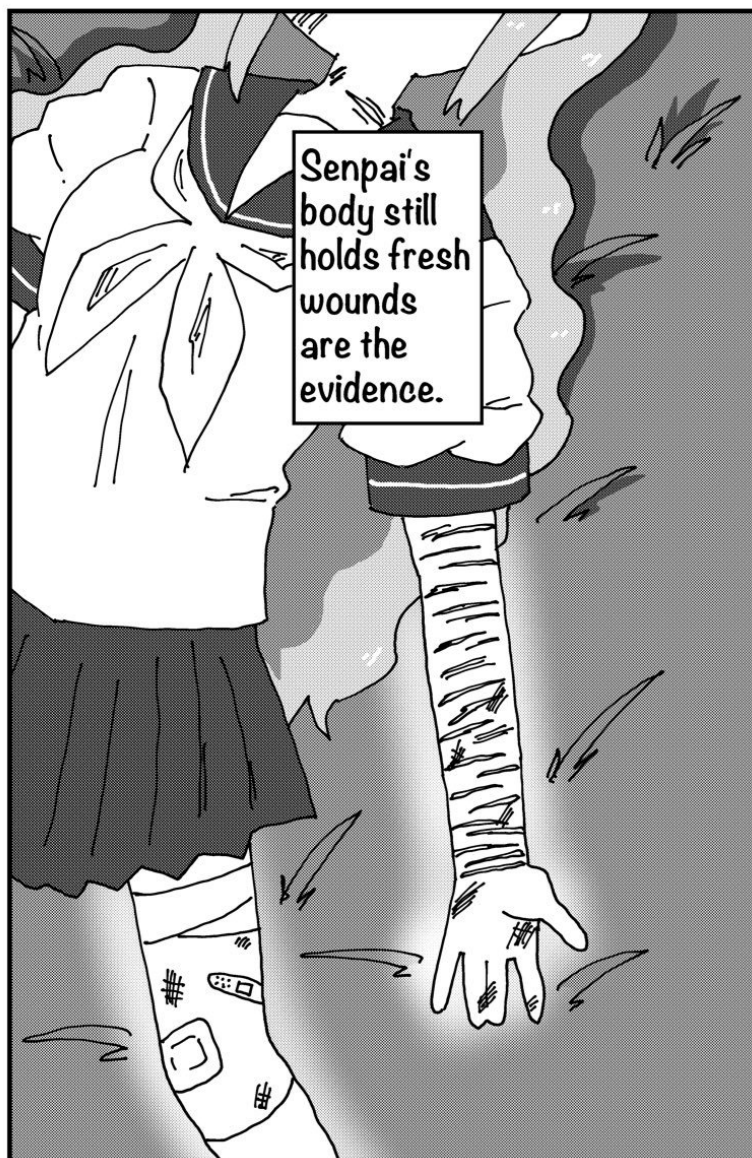

I don't think I managed to confirm my 'conviction' for sure still.

But in the end, these are only words. and nothing else.

I know that my fuzzy memories were real thanks to Senpai.

Senpai helped deal with this loneliness caused by this weird sensation.

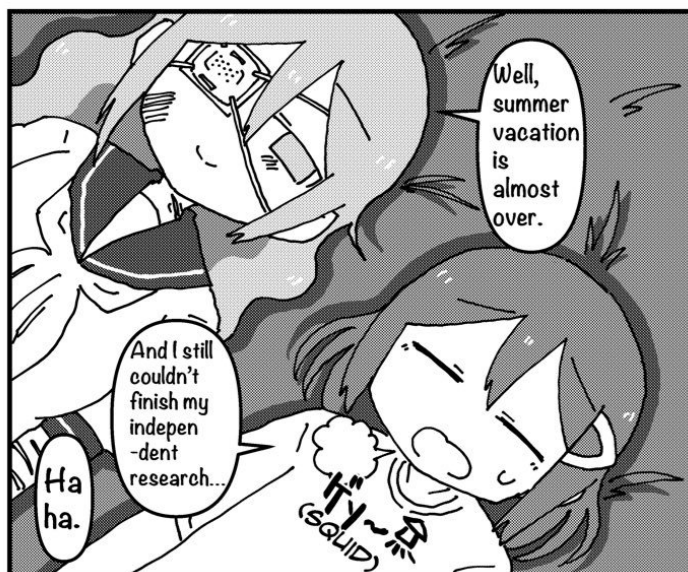

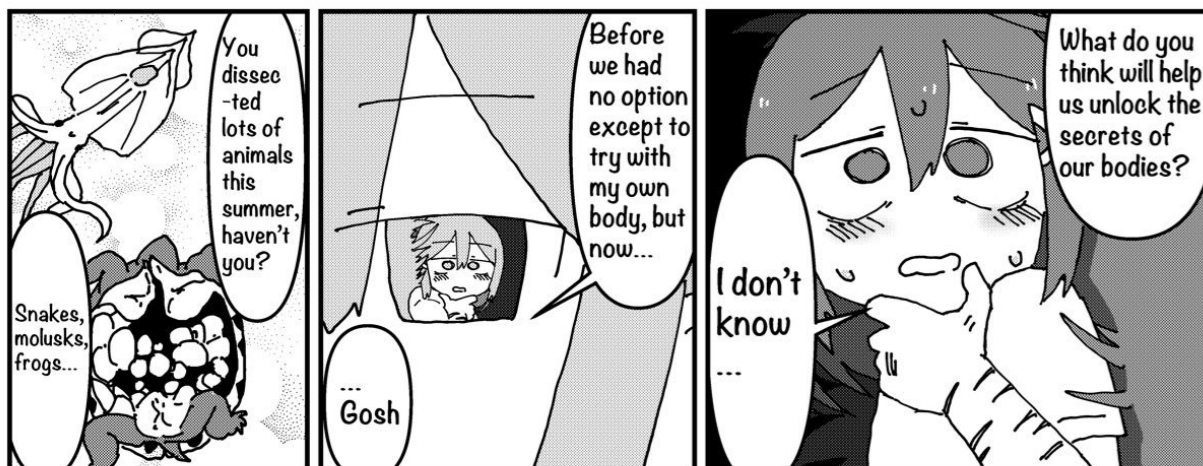

Senpai's body still holds fresh wounds are the evidence.

My curiosity hasn't been satiated yet.

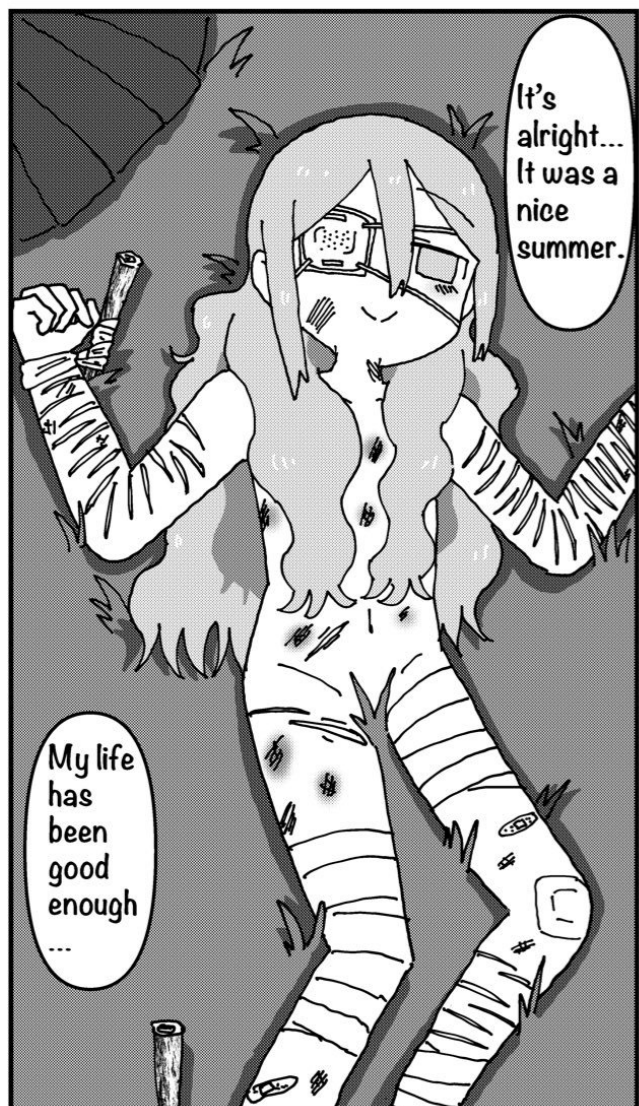

Senpai must be feeling the same.

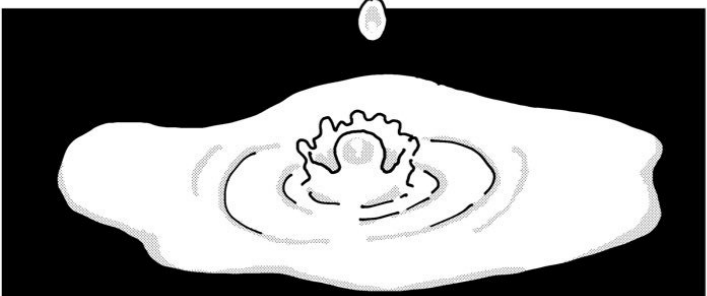

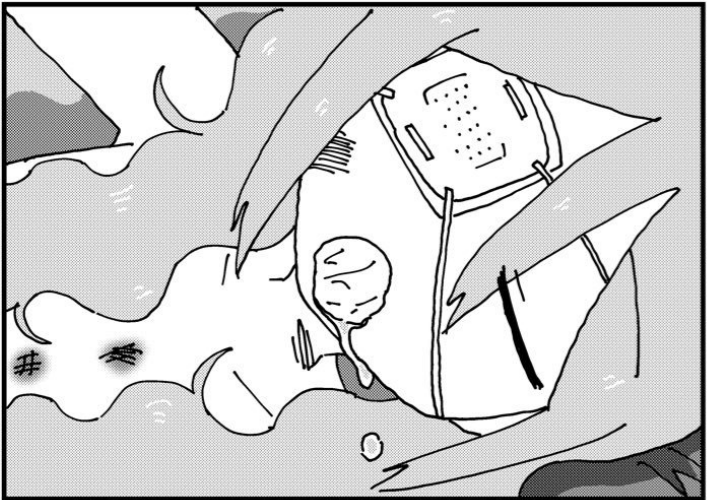

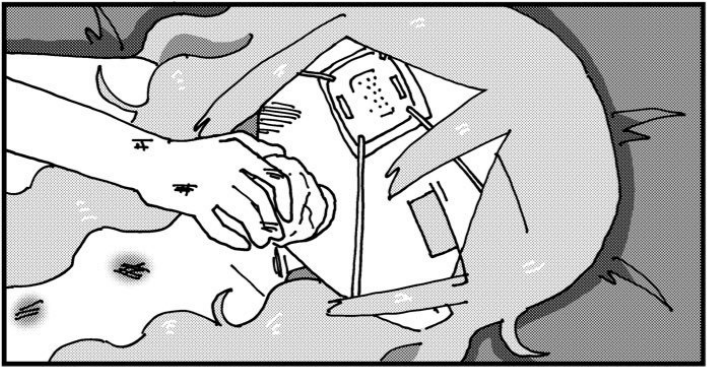

START

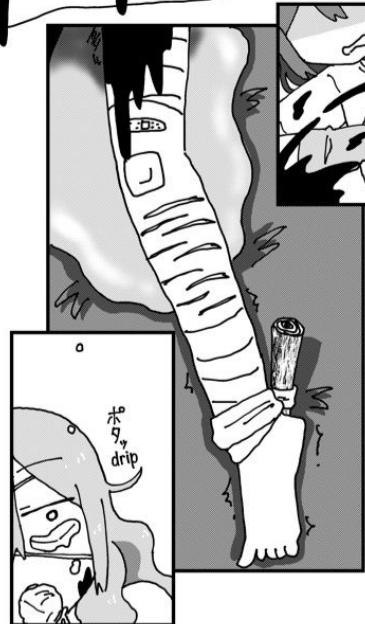

WE ARE DOOMED... SENPAI...

THIS IS OUR GRAVEYARD.

I WANNA
KNOW KNOW
KNOW KNOW
KNOW KNOW
KNOW KNOW
KNOW
JUST
BECAUSE
I WAS
CURIOUS
ABOUT
IT...
I
FEEL PAIN
PAIN PAIN
PAIN PAIN

L...

I only
wanted
to die...
